CHANGED LIFE CHANGING LIVES

God has continually blessed the Global Surge Philippine camp with key partnerships, People of peace like Bernadette Bantigue a believer and Program specialist for Alternative Learning system, a government program that helps young people that did not finish their high-school education. She's also a Cancer survivor in fact in 2019 her doctor already told her she only have 3 months to live but by God's grace she survived and realized that one of her purpose now is to use her influence to bring their students to The GS Camp and hear the Gospel! Last March through her influence hundreds of students from her district went to camp, Bernadette is indeed a changed life changing lives!

LEGACY FOR GOD'S GLORY

It's a blessing to witness and be part of the legacy of Global Surge and The Rawlings Foundation, we praise God this past two weeks we have volunteers whose parents were impacted and got saved at camp in the early years! In the first photo from right to left Hans, served with the band, Alyanna and Aki served with dance, and Keisha daughter of Pastor Jay-r Rufin served with the band as well. On the next photo children of Pastor Jonnel Galeon who got saved at camp in 2004, now his children Milcazy and Josiah are volunteers with the dance team. God has used the Global Surge Camps impacting young people's lives today, in the past and generations to come!.
