May 2026

**Dear Partners in the Ministry,**

At Hope Bible Baptist Church, we have had a fulfilling month serving the Lord together as a local church. Like many churches back in the States, our month has been filled with routine activities and ministries that promote unity within the church body, fellowship among believers, and opportunities to reach others with the Gospel.

Throughout the month, we enjoyed a hiking trip, a men's work day, young adults' fellowship, ladies' Bible study, weekly evangelism, and our monthly Kids' Club, along with other various weekly programs. One of the greatest blessings from our recent Kids' Club was seeing our young adults step into greater leadership roles. They helped teach the lesson, lead the music, and organize the games. One of our goals through the various ministries of the church is to teach our teenagers and young adults responsibility, ownership, and the practical skills necessary for serving in the work of a local church. It is encouraging to see them growing and becoming more involved.

Progress has also continued on our personal property where we one day hope to build our family home. We now have the foundation and walls completed on our small multipurpose building. The next project on our land we hope to begin later in June is the construction of a small warehouse, we are calling the Bible Building, that will allow us to store ministry supplies, including John and Romans and whole Bibles. We are expecting a shipment of scriptures later this year and would like to have the building completed before they arrive.

**Please pray with us about this need. We are asking the Lord to provide the resources to move forward.** If you would be interested in helping with the Bible Building, please feel free to reach out to us. We would be glad to share more details.

We are also grateful that my parents were able to safely travel to Atlanta to drop off a barrel containing homeschooling supplies and additional ministry teaching materials. Lord willing, this barrel will arrive in Zambia in September, just in time to begin first grade with our oldest daughter, Faith.

**Please pray that the shipment will arrive safely and on schedule.** With ongoing conflict in the Middle East affecting international shipping routes, there is the potential for delays.

Thank you for your faithfulness. We are grateful to labor together with you for the cause of Christ.

**Sincerely,**

**Isaiah, Alicen, Faith, Isabella, and Willow Carr**
