Missionary Tim Moriarty

BANGLADESH

Dear Brethren, September - October 2026

It's wonderful to know that in a world of turmoil our lives are hid in Christ (Col.3:3). Knowing there is much more to life than what we see around us and having our hope in the Lord. Many of the men and their families here in Bangladesh have come to the realization that they are to seek those things that are above. Truthfully, this knowledge is what keeps them going through all their trials. To be a believer in Christ in a country where you are surrounded by over 135 million Muslims is a challenge but they and their congregations persist by the grace of God. It's interesting that none of the people that I have come in contact with use the term "Radical Muslim" but rather just "Muslim." I guess the assumption is that if you are a Muslim you adhere to that radical theology and the adjective isn't necessary. Recently, brother Halel was attacked by a mob while preaching the Gospel in his home village. He fled and was hospitalized. This is our missionary to the Suni Muslims. Halel lives in the capital city of Dhaka but his ministry is to this particular group in the province. The last time I had seen anything this violent was when Abdul-Hi was teaching in an outdoor area and a motorbike came off the road and purposely plowed into him. Brother Pintu, Hamid, Abdul Kater, Kashem and many others that we will be spending eternity with seek your prayer through these never-ending attacks.

I look forward to spending some time with Pastor Harun and his church. They are about 150 km outside of Dhaka. I will also be preaching at his Christmas service in December. He is one of the kindest people I've ever met and he has a love for people be they lost or saved. I pray God would bless our time together.

Brother Robin got word from a friend of his in India that there was a group of Christians meeting independently in their homes in the Indian town of Siliguri. This town is in between the border of Bangladesh and Nepal. Robin will be travelling to their church to preach and teach the Word of God. We pray that he will be an encouragement to them in the faith and that his travel would be unobstructed.

Some years ago brother Biduut led a man to Christ by the name of 'Ayub.' I call him the 'Medicine Man.' He told me of a time when he was in great sickness and near death. The doctor's kept prescribing him pills. After continually taking them, he would throw the packages and sleaves that the pills came in into a burlap bag. I couldn't believe my eyes when he showed me this full burlap bag overflowing with medicine wrappers. How this fifty-year old man's liver was still intact was a miracle. Biduut had prayed with him and his entire family believed on the Lord. Ayub stopped the medication and completely healed after years of sickness. To God be the Glory, and may God move in your lives as you serve Him where you are at.

In His Grace,
Tim Moriarty
