

Dear Brothers and Sisters in Christ,

September and October 2022

Thank you for your prayers, sacrifices of support, and fellowship in the gospel. The two capital cities near us, Bolzano, capital of South Tirol, and Innsbruck, capital of Tirol, received a gospel witness in the past weeks. We had three visitors from Brother Corrigan's church in Maryland, who spent just over a week at our house. These three brothers had a good time seeing the countryside and enjoying the food, but most of all they enjoyed helping sow and pass out gospel tracts in this dark catholic region. They were able to distribute gospel tracts in the mailboxes of some villages and finish them, doing every house possible. Amen! We were also able to go on the streets of Innsbruck and Bolzano. It was a real blessing to have them here and be able to have the double-sided German-Italian Bible Verse Banner in the air, street preaching at the market. Overall, we haven't had a lot of visitors, but these men proved to be a real refreshment, with the fellowship and overall time together. I want to invite anyone who is interested to be part of a outreach here in South Tyrol from May 30<sup>th</sup> to June 9<sup>th</sup> with the Couriers for Christ to contact me for more information. Even a short time, of going house to house with the gospel is of great eternal value.

Please continue to pray for Andrew and his growth as a new Christian. We were able to eat dinner with him and his family again yesterday evening, and I spent some time in Bible Study with him. We discussed some various things, one being the importance of feeding himself but also being fed God's word to grow as a new babe in Christ. A baby eats regularly and cannot get along without nourishment and care. Please continue to pray for his wife, Laura, to be saved, as well as Andrew to start to attend church more regularly and spend time in God's word to grow. He is very teachable, but somewhat distracted by other things, which do not have the eternal importance. Also, Daniele and his family as well as Maurizio have not found time to meet up lately. We pray for them all, that they would be turned toward the Lord, and seek him more.

Please pray for divine appointments. Going out and sowing the word is what we will continue to do, but we pray the Lord would lead our feet to the exact souls. The path of the sower leads to all kinds, with some being amongst thorns and stony ground etc., but there were always a few seeking souls, upon whom the seed fell, who had good ground. Please pray we can find these and be a help to them in giving them the good news of salvation. I feel like more and more as we go along, being outnumbered as a witness is not something to worry about, if what we are doing is blessed by the Lord, through asking his guidance in the harvest. **"it may be that the LORD will work for us: for there is no restraint to the LORD to save by many or by few."** – **(1 Samuel 14.6b)**

Please keep a few paperwork and official matters in prayer, that they would be resolved without any issues. The Family is doing well, and we praise the Lord for his blessings along the way. Luca and Tirzah are doing well in school and kindergarten and have been busy with birthday parties from neighborhood kids and hobbies. Tirzah has been doing horse riding and ice skating and Luca is enjoying playing outside with his tractors and mini backhoe. Graziella was able to meet up this past week with a new doctor we found near us, who has many years of experience in medicine. She wants to run various tests this next Wednesday and also have another ultrasound performed of Graziella's neck. She believes that Graziella's thyroid is functioning fine but wants to be sure and then see what can be done for the lymph nodes and cysts in her neck. Please pray for these tests and for God's guidance in the best way to see improved healing and care in this situation. For the testing, ultrasound, and recommended care regiment of supplements and medicines there will be some extra expenses involved and if anyone feels led to so help with these needs, we would much appreciate your great investment. I personally thank you for considering us in these things. Our health is a blessing and with it, we can serve him even more. Praying for you all as well. Thank you. **"Beloved, I wish above all things that thou mayest prosper and be in health, even as thy soul prospereth."** – **(3 John 2)**

– In Christ Jesus, Bro. Joel, Graziella, Tirzah, Luca
