

Mike & Lattisha DOBBINS

Missionaries to ZAMBIA

June 2026

We arrived in Zambia June 30, 1998 (28 years ago today!) to live and work at Kafulafuta Baptist Mission. Of course, we resigned as missionaries for two years in 2014 and then did another year and a half of deputation. So we have not been here for 28 straight years, but it has been a blessed life in Africa that the Lord has given us. Praise the Lord for all that He has done over the years to allow the Gospel to be preached, souls to be saved, churches to be started, and some disciples to be made. It is still hard to believe that the Lord has allowed us this privilege. Thank you for sending us here through your prayer and financial support!

Alex Nshindano

Since we returned to Zambia in 2018, the Lord has allowed me to personally complete six months to one year of one-on-one discipleship with the following people: Joseph Matalokoshi, Michael Mukuka, Cletus Bwalya, Mr. and Mrs. Joseph Sinakala, Alex Nshindano. And I am currently discipling Brother John Kapesha. He is doing well.

Brother Alex Nshindano went on to complete our three-year Bible Institute. Then he went on to become the Assistant Pastor and Youth Director at Bible Baptist Church, Nchanga North Mine Area. He has become a very, good and capable Bible teacher and preacher. I went soul winning with him last week and was blessed to see how well he handled the scriptures and the situations on soul winning. He was able to lead a lady named Bertha to Christ while we were together.

Let me tell you a little of the "back-story" in Alex's life. When he was very young, his step-mother poisoned him and his twin sister because she did not want them. Alex was hospitalized for three months and has been very hard of hearing since this tragedy. After the three month hospitalization he was told that his sister had died. We helped Alex get hearing aids through Trinity Hearing Center in Lusaka. Alex was saved at Grace Baptist Church in Ndola in 2002 when Pastor Webby Bwalya led him to the Lord. Pastor Bwalya was trained by my good friend John Riggs.

During the time Alex has been with us in Chingola, he worked as a security guard while he completed his teacher training degree (we helped him a bit). He is now a teacher in a government school and has recently married a lady named Brenda to whom he was engaged for nine years (!) and they have their first baby born recently. Alex is the fruit of your giving and prayer. Amen!
