TYPHOONS AND SHOEBOXES

Brothers and sisters in Christ:

As we look forward to the next annual round of distributing Samaritan's Purse Christmas shoeboxes to the remote villages here in Cambodia, we are reminded of God's grace and provision even in times of difficulty.

This past summer a typhoon struck Phnom Penh and damaged many buildings including our main church. As a result, we have been forced to reinforce the foundation. And since the monsoon season is upon us we had to excavate around the perimeter of the church working from inside the building! Not an easy task as you can probably imagine. But the boys (now men) that we raised in the Children's Home are always ready to help, and as the pictures show are making great progress.

It is not an easy task to dig it all out by hand, remove the old foundation, enlarge the size of the foundation, and mix and pour concrete from inside the building but at least we stay dry for the most part. Praise God for these young men who were once homeless orphans but now help us in so many ways!

Also at the main church in Phnom Penh we have finished the new Children's Home that will be large enough to house 50 kids. We have 16 kids living there now, and we are so grateful for all your prayers and financial support in this project. We now house 46 kids between the two Children's Homes! Praise God!

Near the border of a neighboring country we have erected a beautiful, sturdy new church building with the help of a generous donor and the labor of the older kids in the Children's Homes. We also continue to minister throughout the Tonle Sap region and in Phnom Penh to the Muslim population. We now help support 23 churches in the rural provinces, where people continue to get saved and baptized. As the dry season approaches, more Christmas shoeboxes are on the way. Distributing them will enable us to reach thousands more people who need the Lord!

THANK YOU SO MUCH FOR YOUR PRAYERS AND SUPPORT
AND MAY GOD RICHLY BLESS YOU!
