

"I have planted, Apollos watered; but God gave the increase."
-1 Corinthians 3:6 KJV

Henderson Family Missions

July-August 2026

- **Praise**
- **God's faithfulness!**
- **4 new supporting churches**
- **We have secured a home in--Honduras**
- **Opportunities to serve with other churches**

- **Prayer**
- **Village In Arenales- that numbers will remain steady**
- **Remaining support will be supplied before January**
- **Sister Alma in Honduras-God knows the need**

What an incredible couple of months it has been! Over the past two months, our family has traveled 5,623 miles through six different states, visiting churches and sharing the burden God has placed on our hearts for Honduras. Brandon has had many opportunities to preach and present the ministry God has called us to. At the same time, we have been so blessed to be ministered to ourselves. What a needful thing it is to sit under good preaching, fellowship with God's people, and be encouraged and strengthened from the Word of God!

In July, Kayla had the opportunity to speak at a monthly ladies' meeting in Red Lodge, Montana, and share her testimony. We have also enjoyed wonderful fellowship and quality time with pastors, their families, and other church families along the way. One Sunday, we even had the privilege of joining three different services! The Lord has also given us opportunities to serve. In Idaho, we helped pass out door hangers for a VBS, assisted with preparing materials, and at New Life Baptist Church, we helped decorate for their VBS, decorated their bus for the annual parade, and walked in the parade passing out VBS flyers and Gospel tracts. While in Idaho, we enjoyed a wonderful meal and fellowship with a retired pastor and his friend. We were blessed by their encouragement and spiritual wisdom, but also by his generous donation towards our VISAs. We have also had the unique opportunity to meet four different pastors who were either from or had lived in North Carolina, many not far from where we grew up. What a small world!

One of our biggest praises is that God provided a home in Honduras! It is a three-bedroom, two bathroom home close to town and where we will begin ministering. We are so thankful for this provision and cannot wait to get there! The kids are especially excited to have their own bedrooms again! Please pray for Arenales and the Bible study there. Pray that the numbers will stay steady while we are away and that those who attend will continue growing in the Lord. Pray also for opportunities to reach more people in the village when we arrive. August has also been special because we both celebrated our birthdays on the road! God has given us so many wonderful memories along this journey.

Looking back, one thing is certain: God has been faithful every step of the way. Every need, every love offering, every kind word, and every prayer, has been provided by Him. We have been especially blessed by churches who have allowed us to stay with our camper or helped us find a hookup along the way. What a burden lifted! We truly cannot thank each of you enough for your prayers, support, encouragement, and love for our family.

Serving Him,

Brandon & Kayla Henderson
