

Greg & Michelle **WINDELL** Missionaries in Kenya

A ladies' conference for Michelle: October 20th is Mashujaa Day (Heroes Day) here in Kenya. A local pastor asked Michelle to teach in a Pastor's Wives conference in Kaloleni. The conference was to encourage these rural Pastor's wives in supporting their husbands and in their own ministries using their spiritual gifts. There were 25 ladies in attendance who were encouraged through the life of Priscilla and how she supported her husband and Paul no matter where they lived. Each lady was challenged to become a spiritual hero in her calling to serve God.

It's great to see women following what Michelle is teaching in their Bibles. Each lady was given a certificate and a Bible for completing the seminar.

A Bible conference for Greg: November the 10th to the 21st, we're having Gary Phillips from the US coming to teach courses on Daniel and Ezekiel at the new school in Mtwapa. So far, we expect 35 students to attend the classes from 8:00-4:00. I intend to cover the costs of Gary's stay (he'll be staying with us) and the notes and materials that need to be printed, but I'm **asking for help with 10 days of food for the students - \$1,000**. I know the time is short, but any help would be greatly appreciated. Gary's help teaching will be a huge blessing!

Thank you for your prayers and financial support in the effort of proclaiming God's good news and discipling believers!
