

"I have planted, Apollos watered; but God gave the increase."
-1 Corinthians 3:6 KJV

Henderson Family Missions

September-October 2026

We have seen God's hand of provision in so many ways these past couple months! We have had six new churches join us in supporting the ministry, which raises our support level to 98%! Our home church has also taken on our monthly house rent in Honduras, which is a tremendous blessing. We are so grateful for how God continues to meet our needs as we prepare for the next chapter in our ministry.

We have traveled through Florida, a Missions Conference in Michigan, Ohio and Tennessee through these two months. We were able to join our home church for its annual campmeeting, where Brandon had the opportunity to preach one morning! When we headed back out of town, Keaton and Ella got to stay back in NC with their grandparents for a couple weeks. In West Jefferson, NC, is where we met back up with Kayla's parents to get Keaton and Ella before heading to Tennessee. While there, we got to spend some quality time with a sweet family from one of our supporting churches. This family has always been such a blessing to us! We had been struggling with our camper's sway bars because the brackets were bent and kept coming loose. Without hesitation, this family stepped in to help. A family member welded a new bracket, they purchased a new propane hose for us, and made sure we were taken care of. Everything has worked great and we're thankful for the kindness and generosity of God's people. While in Lawrenceburg, TN, we attended morning and afternoon service with a church we had a meeting with. The pastor told us about the Annual Scripture Conference that the Bible & Literature Missionary Foundation holds every year and it just so happened to be that week! We were really excited to go join the service that Monday evening. It was a blessing to see the work being done to get God's Word into the hands of people around the world. As of October 15th, their ministry has reached 25 countries with the Word!

Our travels were not quite finished, but when a meeting was rearranged, we headed back to NC just in time for our home church's Pastor Appreciation Day. What a joy to join our church in honoring our pastor and recognize all he does for our church. We also helped pack school supplies and hygiene products for boys and girls to be included in shoeboxes this Christmas and assisted one of our faithful church friends with their daughter's wedding this month. The annual Teen Camp is starting January 18th in Honduras and we are very excited and praying for all who attend.

As we near the end of deputation, we are excited to see the pieces come together for our move to Honduras!As we prepare to get settled on the field, we are carefully considering the one-time startup funds needed for this transition. These expenses include travel, airfare, vehicle repairs and maintenance, shipping our vehicle overseas, furnishing our home with the necessary furniture and appliances, purchasing our initial supply of groceries, and establishing our water supply. We are sending a breakdown of the funds needed to help us get established there. Please prayerfully consider a special offering or one-time gift to help us with these startup costs. Any amount the Lord would lead you to give towards this fund would be a blessing!

We have a tentative date set for January 16th, 2027. Our desire is to get established so we can focus on continuing to learn the language, reach people with the gospel and build relationships in Honduras.

In Christ,

Brandon & Kayla Henderson
Missionaries to Honduras

Praise

- **Support level 98%**
- **Encouragement from our family and friends**
- **Opportunity to serve with our home church**
- **God is preparing our hearts**

Prayer

- **Teen Camp**
- **To assist in any one-time donations or gifts to get us closer to the field**
- **Keaton & Ella**
- **Sister Alma & her baby- has heart valve leak**
- **Wisdom as we prepare**

Brandon & Kayla Henderson
