

The Demopoulos Family Missionaries to Ukraine April 2022

Staying by the stuff

We'd like to thank all those that have helped us out thus far concerning prayers, finances, meetings, cards, etc. We appreciate all of the moral and financial support since the day we fled out of Ukraine. I find great comfort in knowing that it was the Lord that sent that war. When we came to the States this time, we were a bit surprised with the prices of used cars and places to rent are simply outrageous. But God has supplied our needs all along the way. We have found a place to rent in Pensacola. We hope, by the grace of God to move there once we get some things settled concerning the Green Card situation. We are still waiting to hear from USCIS. Again, please pray that they would expedite that process.

In Kiev

There are still bombs going off from time to time in Kiev and in other cities in Ukraine. Not only that, at this moment there is a gasoline shortage across the country and many folks are not able to travel by car as usual. And whatever gas is available it is more expensive in Ukraine than in the States, if you can imagine that. So, whatever members that we have from our church in Kiev it isn't worth the risk of the few to travel.

For the time being I am preaching along with other preachers from our church by "zoom." We get to see some of our folks in the church of Kiev along with other people from various countries, Russia, Kazakhstan, the U.S. from New York to California that have received the Russian or Ukrainian translation of the King James Bible. So, we meet twice a week.

In other places

We still have folks scattered in various places; southwestern Ukraine, Poland, America, etc. We've got some that are rather mobile witnessing, passing out tracts, preaching, testifying, etc. There is one brother that we've had the opportunity to train over the years. We hope we can help him purchase a used van for carrying box loads of literature and humanitarian help to various places. The humanitarian help is an excellent tool to have people come and hear the gospel. Now is the time to strike with tract

distribution and other Christian literature. More folks are coming to the Lord for salvation during this critical moment. One of our men that has a church about an hour and a half west of Kiev brought humanitarian help. Many people showed up. The gospel was preached and about 10 adults made a profession of faith in the Lord Jesus Christ.

Tracts

Concerning tracts, we hope to get printed in Kiev another 10,000 of the tract: "And What After Death" in the Ukrainian tongue. God only knows in whose hands these tracts will find themselves at such

a time as this for Ukrainians. Please pray we can get these tracts printed up soon and that they'll get into the hands of sinners that more souls might be saved for the glory of God.

Bulletin

We are still translating the Bible Believers Bulletin into the Russian tongue. A brother from Kazakhstan, Igor has been doing the translating for the past 10-12 years. Please pray that we'll be able to get more material up into our church website without undue delay. Our former computer man, Bro. Bob Gilliland has retired from that job because of age and hopefully we'll have another man available soon. Please put some prayer on that.

Meetings

I've been able to travel to Chehalis, Washington where Pastor Sherry of Faith Baptist Church had a missions' conference. From there I visited with Pastor John Robinson of Bible Believer's Baptist Church in Hillsboro, Oregon. These were first-time meetings with these men. I sure do appreciate the time we had together with them and their congregations and am thankful for their hospitality, generous giving and moral support.

Just last week I made a visit to a church in Lubbock, TX and met with Pastor Jim Tidwell. It was a great blessing to meeting all the folk in this fairly new congregation. I was able to teach on a Thursday and also preach the following Sunday. It was a blessing to see also Bro. Jerry Dunson who started "**Christian Video Ministries**" and Bro. Dave Turner who ran the cameras for that ministry since the 80's. I was able to show these men many videos of Dr. Ruckman's preaching in the Russian tongue. One of the men that we had trained years ago, took the project on of translating the chalk-talk sermons. There are available over 60 sermons for the Russian speaking people around the world to watch and hear. For example, I just got done talking to a Ukrainian who lives in Lvov, (western Ukraine) who is studying with us now by correspondence and also has seen every video that is available in the Russian tongue of Dr. Ruckman's preaching. "...he being dead yet speaketh..."

We sure do appreciate your prayers and support and your concern for us.
Sincerely, Bro. Demopoulos (Rom. 10:13-15)
